

GDST PHOTOGRAPHS AND VIDEO CONSENT FORM

At Kensington Prep School we believe it is important to celebrate and promote the achievements of our pupils. We regularly do so in assemblies and also in newsletters and other promotional material as well on our school and GDST websites, parent portal (password protected), and social media platforms (including Twitter, YouTube, Facebook and other popular digital channels). Occasionally we have scenes filmed for a television programme or for the parent portal, for use on social media and our school/GDST website.

Photographs are considered 'personal information' under data protection legislation and we would like to seek consent to use your daughter's image and name.

Once we have received consent we will not ask for this again, but you are free to withdraw your consent at any time by informing the School Office.

In seeking your consent we would like to provide you with the following information;

- We may take photographs of our students to identify them in our school records, and we may also take photographs or record video during lessons, presentations or school trips where this supports delivery of our school curriculum. This use falls outside of the scope of this consent form, and we won't use them for any other purpose unless we have consent.
- We would request that parents do not take photographs of the girls inside the school grounds during the normal school day. This includes plays and performances. Videos and photographs will be posted by staff on the school's secure, password protected, parent portal, Firefly. We ask for parents' cooperation in not copying these images to any other platform. For child protection reasons, parents may not video or photograph gym, swimming or dance displays.

We look forward to receiving the completed form. If you have any questions about this, please contact registrar@kenprep.gdst.net
